

REPORT OF THE MATCH SECRETARY

One year on ,as a club, from the start off the world handicap system with the massive change and challenges it provided the club and members have had an excellent transition in embracing whs.

Summer comps were very well subscribed to. Robert Balmbra had a superb finish to close out and win the club championship,with Garry Henderson claiming the nett salver.

In other competitions there were notable performances from Jeff Potts and David Pearson scoring a nett 61 in the centenary trophy and 44 points in the J R Forster respectively .Another notable mention is Freddie Bremner for greatly reducing his handicapp index, some great performances in his debut season for the league team and finally representing the county.

The matchplay team endured a difficult start to the season but regrouped and finished strongly giving great optimism for next year.

The nnl field days were very well subscribed to by club members. the outstanding club achievement was in winning the jack deebles trophy.

Next year sees the introduction off another nnl league giving more players the chance to represent the club and enjoy team golf.

Thankyou to all members for a great year off golf

Paul Jackson (Handicap and Match Secretary)
