

Warkworth Golf Club is looking to partner with an experienced company/individual to operate the bar and catering at the club on a franchise basis.

We have a nine-hole course located on the coast of Northumberland in the pretty village of Warkworth. We have over 300 members and many visitors that enjoy the 130-year-old course. The coastal footpath is directly adjacent to the course and the main cycle track runs close to the course, both of which are constantly in use and have the potential to increase users of the clubhouse.

The clubhouse has a busy bar/lounge with catering which is available to golfers and the public and it is this service that the successful applicant will run for the club. As well as indoor sitting we have an external terrace, ample parking and fantastic views in all directions.

This is an opportunity for the correct team to take forward the bar and catering in conjunction with the club, giving members and visitors a great experience of Northumberland hospitality.

If you have the relevant experience you should apply in writing to the secretary secretary@warkworthgolf.club. We require all applications to be returned no later than 21st March 2021.
